

## VisionPK Annual Review 2018 Photo Descriptions

For the benefit of people who have difficulty in accessing them visually, this insert has been produced to provide a narrative description of the photographs that are featured in VisionPK's Annual Review 2018 to illustrate our services and activities.

To preserve anonymity and protect the privacy of our clients and volunteers, we only name trustees, members of staff, students and associates where they appear in the photos featured. All other people are referred to only in general terms.
