**Nature of post:** Permanent, with the opportunity to train and qualify as a specialist Rehabilitation Worker (Visual Impairment).

## Job Purpose

To provide assessment and rehabilitation services to visually impaired people to increase their independence. There will also be an opportunity for on the job training and study, leading to a recognised qualification in Rehabilitation Work (Visual Impairment).

## Key Result Areas:

1. Undertake outcome-focussed, specialist assessments of the needs of people with a visual impairment to increase their independence.
2. Develop and implement care plans in consultation with service users, their families, and carers as appropriate.
3. Maintain accurate and up to date case records in accordance with

VisionPK policies and protocols, including those relating to data protection and confidentiality.

4. Produce regular performance / activity reports.
5. Where appropriate, assist with developing and running information and support groups, offering advice, support and emotional support for individuals where needed.
6. Develop a comprehensive knowledge of local resources to share with and assist service users as appropriate.
7. Contribute to the development of VisionPK services.
8. Provide advice and support to other professionals and agencies in relation to the needs of visually impaired people.
9. Maximise and contribute to opportunities for joint working and the development of integrated sensory impairment services.
10. Help deliver and develop visual awareness training to community and other groups.
11. Opportunity to train to deliver rehabilitation services including:
  - teaching of daily living skills
  - the use of residual vision and Low Vision Aids
  - orientation, mobility, and sighted guide techniques
  - demonstrating communication skills, e.g., Braille and use of information technology
